## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-5 and 7-23, drawn to a method and system for allocating memory comprising: adjusting an operation of the memory allocation function based on a memory request, classified in class 711, subclass 170.
  - II. Claim 6, drawn to a method with a system memory call, comprising: receiving from the system memory call a pointer to the portion of memory; and dividing the portion of memory into memory blocks of different sizes, classified in class 711, subclass 154.
2. Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as in a system which lacked receiving from the system memory call a pointer to the portion of memory; and dividing the portion of memory into memory blocks of different sizes particular of the other invention. See MPEP § 806.05(d).

Art Unit: 2186

3. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
